

Greetings!

The [T. Thomas Fortune Project](#) Invites You to The Live People Speak Events

These performances are designed to create discussion about issues that affect the day to day lives of people, from immigration, violence, racism to gay rights and poverty. These are concerns that still plague this country and The People Speak serves as a rallying call for people to rise up and speak out.

Based on the documentary film "The People Speak" -itself adapted from the late Howard Zinn's book "A People's History of the United States."

The film is a showcase of history-making voices such as, Frederick Douglass, Susan B. Anthony, Cesar Chavez and others performed by notable actors and entertainers of our time.
